

WINNINGER SEKTMANUFAKTUR C·KLOSS

WINNINGER SEKTMANUFAKTUR C·KLOSS

- Product Description + Additional Information -

The Winner Sektmanufaktur produces individual, high-quality sparkling wines using traditional bottle fermentation with several years of lea-aging. There is also a wide range of seccos and pét-nats. Sparkling teas/coffee complete the range: modern non-alcoholic wine alternatives based on regional ingredients.

HOLUNDER SPRIZZ

We were inspired to create this regional speciality by the herbal wines of Saint Hildegard of Bingen. What is growing surrounding our vineyards along the Moselle? Some of the **wild blossoms we pick by hand** and use them as **natural flavourings**. What makes this elderflower secco special:

- Base is a slowly fermented mix of water, blossoms, sugar and yeast.
- We harvest the elderflower blossoms by hand in open fields above the Moselle valley and carefully remove the stems. Then we let it ferment like a high-end red wine with a daily battonage.
- The delicately tart residual sweetness of 17 g/l is a perfectly stimulating balance of dry and fruity.
- It has a pressure of approx. 2.5 bar, like a Prosecco Frizzante, in a clear sparkling wine bottle

PRODUCT KEY DATA	
Product Name	Holunder Sprizz
Product Type	Flavoured aromatized drink with added carbon dioxide.
Taste	A delicately tart, innovative low alcohol aperitif. A sweet yet tartaric range of flavours with pronounced acidity. Exotic nose, subtle elderflower, gently sparkling. For open-minded wine lovers.
Alcohol Content	3.8 % vol
Content	Bottle: 750 ml/Btl. · Box: 6 bottles à 750 ml
Features	One-way glass bottles · paper labels · crown cap closure · cardboard box
Bottle Weight	net: 750 g/btl. · gross: 1.400 g/btl.
Palettization	6 btl./box · 19 boxes/layer (= 114 btl.) 5 layers/pal. (= 95 boxes or 570 btl.)
Pallet Weight	net: 798 kg/pal. · gross incl. pallet: 720 kg/pal.
Size (B/T/H)	Box: 262/172/302 mm Pallet: 1,200/800/1,510 mm (without pallet)
GTIN	Product: 4260476690860 Box: 4260476690877
Ingredients	Wine, sugar, natural herbs (rosemary), vitamin C, carbon dioxide, sulphites.
Nutrition Information (per 100 ml)	Energy: 144 kJ (34 kcal) · Carbohydrates: 1.9 g (of which sugar: 1.9 g) Contains negligible amounts of fat, saturated fatty acids, protein, salt)
